GLOBAL MEMBERSHIPS & COLLABORATIONS

Dr. Phani Bhushan Potu,
Founder and President
MEC, ISM EDUTECH

WELCOME MESSAGE

Dear Students and Parents,

It is with great pride and enthusiasm that I welcome you to Georgian American University, a premier institution shaping the future of medical education and healthcare. As a leading center for medical education and research, GAU is dedicated to nurturing the next generation of skilled and compassionate doctors.

Our commitment goes beyond academics—we focus on holistic learning, integrating rigorous medical training with cutting-edge research and hands-on clinical experience. We aim to empower our students with the knowledge, skills, and ethical foundation needed to excel in the ever-evolving field of medicine.

At GAU, we believe in creating a supportive and enriching environment where students can thrive and realize their dreams of becoming globally competent medical professionals. We are honored to be a part of this transformative journey with you and look forward to witnessing your success in the medical field.

Welcome to the GAU family!

ISM EDUTECH PVT LTD, INDIA

We are a pioneer in revolutionizing how medical professionals are created through learning and stay up-to-date on the latest advances in their field. By providing programs that are designed on the strong structural framework supporting a comprehensive and interactive learning experience, we aim to improve the quality of care and patient outcomes.

We have catered to the aspirations of more than 14,000 students to become great doctors and made it a reality because of our strategic and vast reach. India's premier ISO 9001:2015 certified medical and healthcare education facilitator (B2C), developer (B2B, D2C) and propagator and is committed to providing solutions and helping its consumers such as Universities and students by partnering and owning the best medical universities and relevant logistics solution providers across the globe.

R. Michael Cowgill

Rector of Georgian American University
Co-founder and President of Georgian

RECTOR'S MESSAGE

I hope this message finds you well and thriving in your pursuits, both academic and personal. As we navigate the challenges and opportunities of the academic year, I want to take a moment to express my gratitude for your dedication and resilience. At Georgian American University, we are committed to fostering a dynamic environment where innovation, diversity, and academic excellence thrive. Our mission to empower students to become global citizens and leaders remains steadfast, and it is your collective efforts that propel us toward achieving this vision. As we embrace the ever-evolving landscape of higher education, let us continue to embrace change with enthusiasm and determination. Let us support one another, celebrate our achievements, and learn from our setbacks. Together, we can overcome any obstacle and reach new heights of success. I encourage you to engage fully in all that our university has to offer – from rigorous coursework to enriching extracurricular activities, from meaningful research to impactful community service. Your experiences here will shape not only your future but also the future of our world. As we embark on this journey together, know that my door is always open, and I am here to support you in any way I can. Let us seize the opportunities before us and make this academic year one of growth, discovery, and transformation.

Accreditations & Recognitions

Establishment of the Georgian American University

The demand in Tbilisi for a truly western University was so pronounced that despite the fact that at that time there were already two international business schools in operation, the interest in a program offering joint programs in Business and Law was substantial enough to move forward with the opening of a Business School and Law School at the Georgian American University in 2005.

In February 2005, a joint limited liability company of American and Georgian investors was formed. This dedicated group and its Board of Directors established financial and operational management standards which aligned with the strict international, ethical and educational standards necessary.

This group of investors possessed a wide array of knowledge and experience such as:

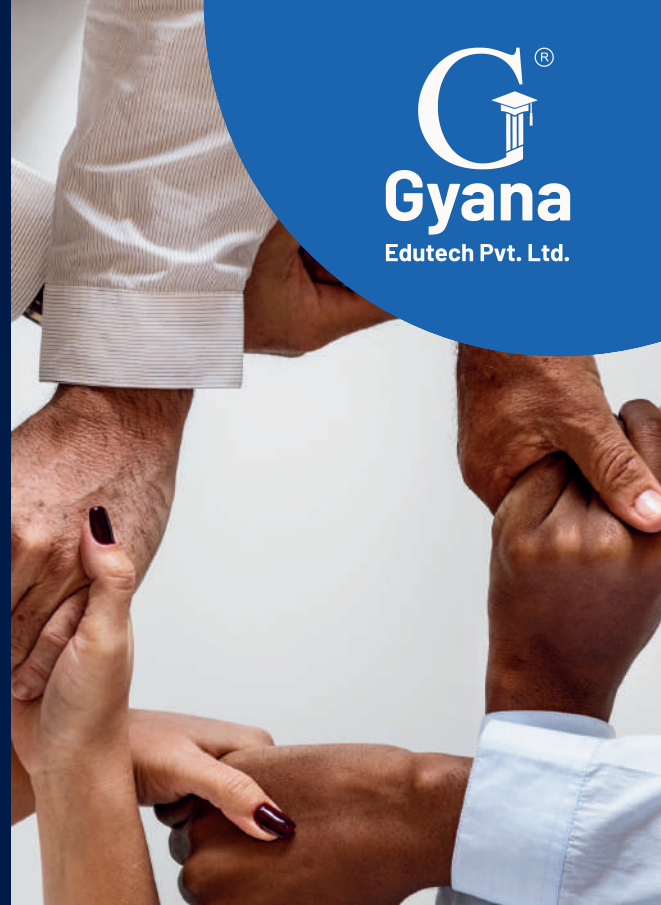

- Experience with the United States, Georgian and International Law.
- Experience with the United States, Georgian and International Business, Banking, Finance and Management sectors.
- Public relations in Georgia and Internationally.
- Experience with the United States, Georgian and International education systems.
- Experience with the United States government.

MISSION

Providing education based on advanced scientific research and practical teaching models, leading research and innovative activities. By providing equal opportunities - strengthening knowledge, skills, and universal values and recognizing social responsibility, promoting the development of society and the country's global integration through creating, accumulating, and sharing knowledge.

VISION

In its long-term perspective, GAU takes on the responsibility of creating a tolerant, collaborative, and innovative environment where students and faculty can help:

- Contribute to the intellectual, cultural, and socio-economic development of our society
- Creating, storing, and transferring knowledge using the main advantages of the University in the educational space;
- Transformation of acquired knowledge into practice and application of skills developed under the qualifications at all necessary levels
- Development of professionals with high social and moral responsibility
- Strengthening universal and national values through and within the framework of expert and research activities, thus encouraging civic cooperation and accountability
- Ensuring the principles of academic freedom and lifelong learning.

Student Life in GAU

- GAU is a place where students spend most of their working hours. Along with an intensive academic process, the students have possibilities of entertainment, cognition, meeting interesting people and realizing their talents in different directions. All this helps the development of critical thinking and the formation of creative broad-thinking persons.
- GAU pays much attention to the students' initiatives. It is the wish of the students and the support of the administration that stipulate the unification around the ideas and the implementation of different projects, including sports and creative social activities: GAU Theatre, GAU Band, football (soccer) and basketball teams. So volunteer groups are formed, such as GAU student ambassadors and students' PR club. Excursions and creative and entertaining competitions are planned.

Events at Georgian American University

Along with various interesting, sometimes even unplanned events. There are special days at GAU that have been celebrated for years and have thus formed a tradition. Orientation Day a warm welcome to the Georgian American University for new students. GAU-organized greetings and small gifts turn the official introduction, registration procedure into the first positive impression for the first-year medical students. Students of Georgian American University always celebrate the New Year together on campus. The annual gathering at the end of December is one of the biggest events organized by the university, which is full of fun, joy and surprises.

Sports facilities at GAU

Sports are very popular in Georgian American University. The university held many tournaments in different types of sports like football, chess, basketball, table tennis, and billiards (pool). Georgian American University sports teams have already won several key matches and achieved great success. Students can enjoy and participate in these activities along with their studies.

Social Responsibilities

For those students who are interested in social work, this university is the best for social working students. GAU regularly responds towards challenges in society and holds discussions on current issues in the process of solving problems in society by using legal methods with the support of staff and student volunteers.

University at a Glance

- Fully authorized and internationally recognized.
- Newly constructed campus with modern infrastructure.
- Strategic partnerships with leading healthcare providers in Georgia.
- Student body: 3,000+ students and 2,350 alumni from 28 countries.
- Hands-on experience and practical learning opportunities.

Georgia at a Glance

Georgia has a unique and ancient cultural heritage and is famed for its traditions of hospitality and cuisine. The capital of Georgia is Tbilisi where days can be spent hitting the historical streets, museums and theaters, while during nights one can listen to modern music at bars or dance until dawn at powerhouse nightclubs like Bassiani, located underneath a historic soccer stadium. While the city is small enough to be covered in a weekend, its architectural eclecticism, mix of ancient and modern buildings, thriving restaurant and bar scene, and wealth of cultural offerings makes it unique and memorable for each visitor.
