

Alte University (Tbilisi)

GEORGIA

MEDICAL DOCTOR
PROGRAM (MBBS)

Alte University is fully authorized higher education institution of 20 years history and experience, which unites more than 2 100 students from 17 countries at 5 schools: IT School, International Medical School, Business School, Law School and Humanities and Social Sciences School. The university has about 15 accredited programs in English and in Georgian languages for the following levels of higher education - Bachelor's, Master's and one step Medical Programs.

The name ALTE itself means the highest point and the path to reach that point and represents our main goal to make an education as a fundament of constant development of a person to reach the best version of himself.

INTERNATIONAL MEDICAL SCHOOL

International Medical School offers two programs for international students. Its aim is to prepare qualified, certified and competitive doctors with international standards for the worldwide labor market.

Our students understand the core values of the doctors and meet the requirements of the World Federation for Medical Education (WFME). We use innovative teaching methods, such as: VR Technologies for practical activities, simulation-based medical teaching and learning, problem-based learning (PBL), case study, etc.
