"Training of students is carried out at the special facilities, such as theoretical as well as the humanitarian disciplines at the headquarters of the IHSM. As far as medical and biological subjects, they are taught in morphological campus and virtual clinic. Moreover, clinical disciplines and practical classes are held at specially organized academic centers operating at medical institutions of the country."

CLINICAL SETTINGS ON THE BASE OF **STATE HOSPITALS**

IHSM maintains partnership relations (long-term agreements on joint activities) with major leading medical institutions and scientific research centers of the country. The use of state hospitals and clinical settings for training of IHSM students is conducted in accordance with the special Resolution of the Ministry of Health of Kyrgyz Republic.
